ESQ. J. H. KENNEDY
IS CHOSEN FOREMAN
OF MAY GRAND JURY

PROMINENT TENTH DISTRICT
FARMER IS CHOSEN BY JUDGE
BRUCE TURNER.

NAMES OF THE OTHER JURORS

Charge of Judge Turner Was Along
the Usual Lines, But Little New or
Unusual Matter Being Introduced in
His Remark to Jurors.

Former Esq. J. H. Kennedy, of the tenth district, was chosen foreman of the May grand jury this morning by Judge Bruce Turner. He is a prominent farmer of the Isom store section and is a democrat in politics.

The other members of the grand jury are T. W. McCandless, Elmer Fraser, George W. Hayes, R. H. Kennedy, Forgye Fraser, Ab Gray, C. J. Dugger, Allen Holt, J. H. Duke, M. J. Orr, Tom Sheely and Hugh Hendley.

The names of the jurors were drawn by Ernest Hardison, the little son of Mr. and Mrs. Sam Hardison.

The charge of Judge Turner to the jurors was along the ordinary lines, but little new matter being presented. They were charged with the strict investigation of the manner in which the temperance laws are enforced and the statutes which apply to the people of this county. The jury at once went to its room for organization, and will begin shortly its work of investigation.

The work of choosing the other two jurors for use during the term of court was taken up, but neither had been filled at noon.

SHOULD HASTEN
END OF THE WAR

HENRY CLEW'S COMMENT ON
ACTION OF ITALY IN ENTER-
ING THE CONFLICT.

Henry Clew, the New York financier, in his weekly comment on conditions in business, past, present and future, has the following to say

"This market is still dominated by the bitter struggle in which nearly all of the civilized powers of the world are now involved, except our selves. Under such conditions it is impossible to indulge in enthusiastic or permanent optimism. War means destruction and not prosperity, except to the fortunate few. The great strength of the country, financially and industrially, lies in its complete isolation from the struggle, and the more completely that isolation is maintained the better for all concerned. Now that Italy has declared to enter the war, the end should be hastened, and this would be a bullish influence. There is no lack of good investments to be had in the market at attractive prices. Speculative operations, however will have to be conducted with caution, and a close watch maintained on daily events. Sharp fluctuations and sudden activity are inevitable accompaniments of the war. A favorable outcome in our negotiations with Germany would cause a sharp recovery, while the reverse would naturally depress prices.

ESQUIRE M' NIGHT
DIES FROM WOUND

VICTIM UNDERSTOOD TO HAVE
MADE STATEMENT TELLING
WHO SHOT HIM.

WOODBURY, Tenn., May 24.—J. S. McKnight, who was mysteriously shot in the breast a quarter of a mile west of Woodbury about 10 o'clock last Wednesday night, succumbed to his wound at 7 o'clock this morning, following an operation performed on him Thursday night by Dr. W. A. Bryan, of Nashville, assisted by Drs. Garner, of Nashville and T. M. Smoot, of Woodbury.

It is understood that just prior to the operation Mr. McKnight made a statement telling who shot him and describing the circumstances under which the tragedy occurred. From the time that he was found after he was shot until a short time before his death he remained conscious. Soon after the shooting he asserted that he knew who his assailant was but unless assured that the wound would prove fatal he would not tell. The statement which he is understood to have made has not been made public and no one has been arrested in connection with the tragedy.

CHARLES ZUEBLEIN
POINTS OUT MEANS
TO IMPROVE TOWN

SAYS COLUMBIA IS PRETTIEST
TOWN HE HAS SEEN IN
TENNESSEE.

PAYS TRIBUTE TO HIGH SCHOOL

Said That It Would Do Credit to Any
City, and Pleaded That It Should
Be Made a Meeting Place for Dis-
cussion of Civic Affairs.

Thoroughly interesting and instructive was the lecture of Prof. Charles Zueblein at the Athenaeum Saturday afternoon. He took as his theme "How to Improve Your Home Town."

In his introductory remarks, Prof. Zueblein paid a pretty tribute to the natural beauty of Columbia and to the manner in which the streets had been laid off. "Evidently it was a nineteenth century man with a twentieth century mind," said the speaker.

However, the speaker did not have all kind words to speak in behalf of the city. He made a hasty survey of the city and its surroundings before lecturing and he pointed out many ways in which he thought it could be improved. He was not very favorably impressed with the net work of wires and poles that covered the central part of the city, while it was his opinion that the city ought to make some provision for public play grounds for the children.

Prof. Zueblein was very much impressed with the new Central High School building. "This great public school should be the people's great temple. It is a credit to any city. It should be the common meeting place of the people of this community for the discussion of affairs of public interest."

"Twenty-five years ago there was no such thing as a civic improvement club in the United States. They are of recent origin. The movement was started by a woman in Stockbridge, Mass., and has spread to every city in the nation almost. There is hardly a town that has not some kind of a club which looks to the improvement of civic affairs. They have promoted better schools, public baths, the cleaning up and improvement of the cities, and helped in many ways to create a genuine civic spirit."

Several loads of spring lambs were received today from the state of Tennessee and they sold at good high figures, bringing from \$12.00 to \$12.25. These lambs all weighed 68 and 69 pounds and were fat and good quality and sold as high as it is safe to expect any spring lambs to bring at the present time and furthermore \$12.25 is the highest ever known on this market for spring lambs in car lots so late in the season.

COLUMBIA MAYOR
NOW COLONEL ON
GOVERNOR'S STAFF

JOSEPH M. DEDMAN GIVEN HIGH
MILITARY TITLE BY CHIEF
EXECUTIVE.

EXIT COLONEL JOS. F. BROWNLOW

Latter Has Been on the Staff for Past
Four Years—New Appointee Very
Popular and Appointment Will
Please Many Friends.

It is now Col. Joseph M. Dedman. In addition to being Mayor Dedman, Grandfather Dedman, Booster Dedman, former Alderman Dedman, and former President of the Board of Trade Dedman, it is Colonel Joseph M. Dedman of the staff of Gov. Rye. The popular and genial Columbia was on Saturday night appointed a member of the governor's staff with the title, rank, honor and emoluments of a Colonel of Staff.

The appointment of Col. Dedman will be most gratifying to many friends in Columbia and Maury county, where his popularity has been many times attested. While not of a war like nature and not given to parade or display the friends of the Colonel are confident that he can wear his regimentals with becoming grace and bravado and that when it comes to the political battles of the governor, the commander-in-chief of all the warlike colonels in the state, that Col. Dedman will be found doing the most valiant service.

Columbia has been fortunate during the past four years in the matter of

drawing colonels on the staff of the governor. The warlike renown of the sons of old Maury doubtless did much to contribute to this happy state. For four years the military prowess and reputation of the Dimple has been sustained and well sustained by Colonel Joseph Franklin Brownlow, also in his day, a mayor of the city. With the change of governors also came the change of staff and with the coming of Colonel Dedman, there passed out Colonel Brownlow. However, the latter has the consolation of knowing that the military title of Colonel lives on and on forever, that even though he will not be permitted to wear his epulettes and insignias of rank, his sword and pistol at his side, the title will be his so long as he shall live.

Accidents will happen, but the best regulated families keep Dr. Thomas' Eclectic Oil for such emergencies. Two sizes 25 and 50c at all stores.—(Adv.)
